

Directions to Church

(revised 12/22/2021)

Until the overpasses are completed, drivers can **turn right into the church and right to exit** at the temporary drive for Martinsville First United Methodist Church. There are **rumble strips** in place to remind drivers to slow down and stay alert as they merge left for slow traffic.

Helpful Tips:

Drivers can **enter and exit I-69 northbound** at Southview Drive, Ohio Street/Artesian Avenue, S.R. 252, S.R. 44 and Henderson Ford Road.

S.R. 252 entering I-69 northbound: Follow the ramp underneath the S.R. 252 bridge and merge with other traffic entering I-69 northbound.

I-69 from S.R. 44: Pass through the roundabout at S.R. 44 towards Indianapolis I-69 North.

Drivers who may miss their exit should not try to change lanes last minute, but instead safely proceed to the next exit.

Reminder:

Five miles of roadway are signed as I-69 with a 65 mph speed limit between Indian Creek and State Road 44.

Speed limits are reduced to 45 mph for ongoing construction north of Martinsville, including new overpasses at Teeters Road and Myra Lane.
